Basic Information

- Place of Origin: Shenzhen, China
- Brand Name: Googol
- Certification: CE, FAD, ROHS
- Model Number: P8.3-12.5

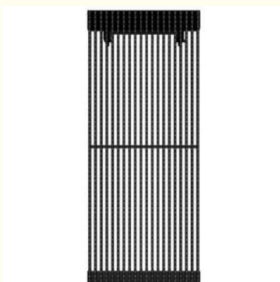

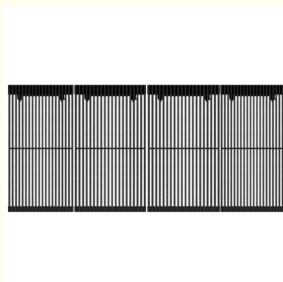

Product Specification

- LED Configuration: SMD 2727
- Product Name: Transparent LED Display The Ultimate Solution For Your Advertising Needs
- Weight: 1/3 Of Traditional Screen
- Power Consumption: Intelligent Power Consumption Control
- Waterproof Rating: IP65
- Resolution Ratio: 4096dot/ m²
- Maintenance: 3 Minutes/m2 Easy Maintenance
- Unit Cabinet Size: 500(W)/1000(W)*1000(H)
- Highlight: **SMD 2727 Transparent LED Display,**
P8.3 Transparent LED Display,
P12.5 LED Product Display

Product Description

Product Description:

The Transparent LED Screen has a luminance of at least 5500-6000CD/㎡, making it one of the brightest LED displays available. This means that it can be used in bright environments, such as outdoor events and storefronts, where visibility is crucial. The product also has a viewing angle of $H/V \geq 145^\circ$ $V/V \geq 145^\circ$, ensuring that the display can be viewed from different angles without compromising image quality. With an input voltage of AC 220-264V, the Transparent LED Display is energy-efficient and can be easily integrated into various electrical systems. The product's maximum power consumption is 720W/㎡, making it an eco-friendly solution that can help reduce electricity costs. The Transparent LED Screen also has a refresh frame frequency of 60HZ, ensuring smooth and seamless image and video transitions. This makes it ideal for applications that require fast and frequent updates, such as sports events and concerts. The product is easy to install and maintain, thanks to its lightweight and durable design. It can be customized to fit different sizes and shapes, making it an ideal solution for various applications, including advertising, entertainment, and architectural designs. Overall, the Transparent LED Display is a reliable and innovative solution that combines the benefits of LED light and transparency. Its high-quality display, energy efficiency, and ease of installation make it a top choice for businesses and organizations looking for a modern and unique way to showcase their products and services.

Features:

Product Name: Transparent LED Display
Waterproof Rating: IP65
Maintenance: 3 minutes/m2 easy maintenance
Refresh Frame Frequency: 60HZ
Power Consumption: Intelligent power consumption control
Weight: 1/3 of traditional screen

Technical Parameters:

Max. Power Consumption	720W/㎡
Best Viewing Distance	15-350M
Transparency	55%
Refresh Frame Frequency	60HZ
Unit Cabinet Size	500(W)/1000(W)*1000(H)
Viewing Angle	$H/V \geq 145^\circ$ $V/V \geq 145^\circ$
Maintenance	3 minutes/m2 easy maintenance
Weight	1/3 of traditional screen
Pixel Pitch	15mm
Resolution Ratio	4096dot/㎡

Applications:

One of the key features of the Googol Transparent LED Display is its high transparency, which allows it to blend seamlessly with its surroundings. This makes it perfect for use in environments where the overall aesthetic is important, such as in high-end retail stores or luxury hotel lobbies. The unit cabinet size is 500(W)/1000(W)*1000(H), with a resolution ratio of 4096dot/㎡, making it perfect for displaying high-quality video content.

The Googol Transparent LED Display is also waterproof, with an IP65 rating, making it suitable for use in outdoor environments. This makes it ideal for use in outdoor advertising campaigns, where it can be used to display high-quality video content to a large audience. Its best viewing distance is between 15-350M, making it perfect for use in large public spaces such as stadiums and concert venues.

The Googol Transparent LED Display is certified by CE, FAD, and ROHS, ensuring that it meets international safety and quality standards. It is manufactured in Shenzhen, China, ensuring that it is of the highest quality.

The Googol Transparent LED Display is a versatile LED for display, and can be used in a variety of different applications. Some of the most common applications for this product include:

1. Retail Stores
2. Transparent LED Screen
3. Shopping Malls
4. Airports
5. Luxury Hotel Lobbies
6. Outdoor Advertising Campaigns
7. Stadiums
8. Concert Venues
9. Public Spaces
10. Transparent LED Advertising Screen

Overall, the Googol Transparent LED Display is a high-quality, versatile product that is perfect for a wide range of different applications. Its high transparency, waterproof rating, and certification make it a reliable and safe choice for any business or organization looking to enhance their video display capabilities.
