FAQ

Q1. What is the Minimum Order Quantity (MOQ) for GOOGOL's LED Displays? A:The MOQ for our Indoor Fixed LED Displays is just 1 piece. However, for an enhanced visual experience, we recommend ordering larger video walls to achieve optimal performance.

Q2. Does GOOGOL include a video processor with the LED display?

A: Yes, we include high-quality video processors from trusted brands like Colorlight, Novastar to ensure superior image quality and performance.

Q3.What support does GOOGOL provide if we encounter issues with installation, configuration, or usage?

A: Our dedicated after-sales support team is available to assist you with any installation, configuration, or usage issues, ensuring that your display operates at peak performance.

Q4. Does GOOGOL provide installation structures for the LED displays?

A: Yes, we offer a range of installation solutions, including hanging beams for suspended installations and back brackets for stacking, making setup easier and more versatile.
